

COL. ROOSEVELT SEES PRESIDENT

Talks Over His Plan to Raise Division to Fight in Europe's Trenches.

Washington, D. C., April 10.—Col. Theodore Roosevelt called on President Wilson at the White House today and was received in the executive mansion. Col. Roosevelt was accompanied by his daughter, Mrs. Nicholas Longworth.

The colonel laid his plan for raising a division of troops for foreign service before the president, and said that he had been received with the "utmost courtesy and consideration."

On departing from the White House after half an hour's conference with the president, Col. Roosevelt gave out a statement:

Pavors Universal Service. "I am heart and soul for the principle of universal military training. I would favor it if its aim were to raise 2,000,000 men. I am for both universal obligatory training and service. Call it conscription and I will say yes. You cannot frighten me by any name."

"The division I ask permission to raise would be made up of men who would not be taken under conscription. They would be over 25 years of age or of the accepted classes under 27."

As the colonel turned to leave, "Jack," a negro messenger who served at the White House during his administration, came up.

"Hello, Jack," exclaimed the colonel, shaking the negro's hand vigorously.

DRUGGIST'S EXPERIENCE WITH KIDNEY MEDICINE

We are very much satisfied with the demand we have for Dr. Kilmer's Swamp-Root. We have been carrying it for eight years and have never heard of a dissatisfied customer. They all speak very favorably regarding the merits of the preparation and judging from the sale we have on it it must be a splendid medicine for the troubles for which it is so highly recommended.

Very truly yours,
ZEBULON DRUG CO.

E. C. Daniel, Mgr.
Sept. 21, 1916. Zebulon, North Car.

Letters to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the El Paso Daily Herald. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

RED CROSS WOMEN MEET AT MASONIC TEMPLE WEDNESDAY TO MAKE DRESSINGS.

Actual work of preparing surgical dressings and bandages will be begun by women of the city under the supervision of the Red Cross Wednesday morning at the Masonic temple. This announcement was made by Mrs. H. W. Broadus, chairman of the supply committee of the Red Cross, at a meeting of the executive committee and the chairman of various committees of the local chapter at the Masonic temple at 9:30 o'clock Tuesday morning.

Women of various churches and women's organizations have asked for special periods during which they may work at the Red Cross supply depot. The following schedule was announced by Mrs. Broadus at the meeting:

Announces Work Schedule. Monday mornings, women of the Presbyterian church; Tuesday mornings, women of the Baptist church; Wednesday mornings, the Daughters of the American Revolution, the United Daughters of the Confederacy, and women of the Humane society; Thursday mornings, women of the Catholic church; Wednesday mornings, members of a class of girls numbering 100 headed by Mrs. W. W. Turney; Wednesday mornings, women of the Jewish church; Thursday mornings, army women; Thursday mornings, the Women's club, Y. W. C. A., and College Women's club; Friday mornings, women of the Episcopal church; Friday mornings, women of the Methodist church; Saturday mornings, the Equal Franchise League and the City Federation of Women; Saturday afternoons, women not represented in the above organizations.

"El Paso women and girls are not required to abide strictly by this schedule," said Mrs. Broadus. "If it is not convenient for a person to come with the other members of her church, she will be welcome at any other time. The aim of the schedule is to secure congenial groups of women who are acquainted with one another."

Appeal for Sewing Machines. An appeal was made at the meeting for the use of sewing machines for the supply depot. According to Mrs. Broadus, 25 sewing machines are needed. The use of several have been donated.

A communication was read from the Port Pines auxiliary of the Red Cross, suggesting that that body cooperate with the El Paso chapter.

A. P. Coles, chairman of the finance committee, announced the appointment of W. W. Turney on his committee. Donations will be received by Mr. Coles at his office, 204 North Oregon street. Several donations already have been received, Mr. Coles reported.

It was announced that Miss Grace Logan, secretary of the local Red Cross chapter, will maintain headquarters at the office of A. P. Coles & Bros.

Removal Notice. El Paso Seed Co., is now located at the corner of Campbell and San Antonio streets. One block east of City Hall and Court House.—Phone 362.—Adv.

BOTH PARTIES GLAMOURY

Democrats and Republicans Out Actively for Votes in City Election.

Both Democratic and Republican leaders are claiming victory in the city election today. The Democrats contend that Charles Davis, their candidate for mayor, will head the ticket with a majority of from 2000 to 2500 votes. The majority of the other candidates on the ticket, they declare, will not fall below 1500. The Republicans claim their entire ticket, headed by J. J. Mundy, will be elected with a majority of from 200 to 500 votes.

Balloting started this morning at 8 o'clock and will end tonight at 7. The returns will be received at the city hall by city clerk Jack Anderson. The entire vote is expected to be counted by 10 o'clock. The council will convene the returns Saturday morning.

Expected Vote To Be About 5000.

Between 4500 and 5000 votes are expected to be cast. There have been a total of 7200 poll taxes paid. In the 15 city precincts at the presidential election there was a total of 2712 votes cast. There are 27 voting places today. Wilson received 2521 and Hughes 1451, but Hughes ran ahead of the Republican county ticket.

This is the first time in years that the Republican party has had a city ticket in the field and the leaders are making a strong effort to elect at least a part of it.

Republicans After Labor Vote. The Republicans have made a strong play for the labor vote and as a result it is believed there will be much scratching by the Democrats. The Republicans announce that they favor an eight hour day shift and a minimum salary of \$100 a month for the police department. They also favor supporting the El Paso Taxpayers' association.

Many labor leaders who have been members of the Democratic party are said to be supporting Republican candidates. Labor leaders are especially making a fight against J. P. O'Connor and W. G. Jolly, Democratic candidates for reelection as aldermen, it was reported.

Both Parties Out for Votes. Every effort is being made to get the vote out by both parties. When the polls opened this morning there were scores of automobiles in use by both parties hauling voters to and from the polls. There was a heavy vote cast during the morning. This was mostly business men's votes. The heaviest vote is expected between 4 and 7 o'clock when the majority of mechanics and workmen will cast their ballots.

T. & P. OFFICIALS HERE.

The following officials of the freight department of the Texas & Pacific railroad are here on their monthly visit and tour of inspection: L. M. Griffin, assistant freight agent; J. P. Richards, D. Stultz, chief clerk, general claim department; H. G. Brower, traveling passenger and freight agent of the Iron Mountain line; J. E. Roche, commercial agent of the Missouri, Oklahoma & Gulf railway of Texas.

How to Master the Machinery of the Body.

(By N. B. COOK, M. D.)

The machinery of the body needs to be oiled, kept in good condition just as the automobile or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Their tongue has a dark brown color, skin sallow, breath bad, yet they fail to see that their machinery needs attention. Everybody should take a mild laxative at least once a week. A pleasant way to clear the tongue and the highly colored water noticed in the morning is to take a laxative which will cure the inactive liver and biliousness.

A pleasant vegetable pill is made up of May-apple, leaves of aloe, and jalap, made into a tiny pellet and coated with sugar. First put up by Dr. Pierce nearly 50 years ago. Druggists sell these vegetable pellets in vials—simply ask for Dr. Pierce's Pleasant Pellets.

If headache, scalding urine or frequent urination bother or distress you, or if urine acid in the blood has caused rheumatism, gout or scalds, if you suspect that you have kidney or bladder trouble, write Dr. Pierce, at Travelers' Hotel, Buffalo, N. Y., send a sample of urine, and describe symptoms. A physician and chemist will examine it without charge and you will be under no obligation whatever. Dr. Pierce's Anuric tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them.

Obtain a 50-cent box of Anuric (double strength) today from your druggist in town. From personal observation in large hospital practice, Anuric will give you speedy relief.—Advertisement.

RETURN OF "PURITY," MOST BEAUTIFUL OF PICTURES, STARTS TOMORROW.

Audrey Munson, considered America's most beautiful and perfect model, will start a return engagement at the Unique tomorrow in "Purity," heralded by the picture-going public as being the most beautiful picture ever made.

The picture portrays a story of a beautiful innocent girl who is wronged, a poor girl who is wronged, an artist with pictures to paint and a villain with a delectable try, written by Clifford Howard with a supporting cast of nearly 200 specially trained dancers, specially staged and scenic designers of a millionaire's fairyland kingdom.

There is nothing in Miss Munson's poses in the nude that could wound the sensibilities of even the most puritan person. The shows start at 10:45, 12:15, 2:45, 5:15, 7:45, 10:15 and 12:45. Admission will be adults 25 cents and children 15 cents.—Adv.

LAST DAY FOR FAIRBANKS—GREEK.

"The Good Bad Man" which was written and is being played by Douglas Fairbanks, will be shown at the Unique today and tomorrow. The picture in El Paso, in this play the smiling favorite has the strongest dramatic force yet attempted. The play, too, is of greater dramatic force than those he has previously appeared in, having a plot that is laden with tense situations and borders, at times, very close to genuine pathos. The ever smiling Douglas Fairbanks is as genuinely entertaining as ever, which means that he is as entertaining as it is possible for a star to be. He is the same happy-go-lucky, smiling, all-round regular fellow that has won such a host of ardent admirers. Today is positively the last day "The Good Bad Man" will be shown.

Tomorrow the Greek will present Dorothy Dalton, who is now considered one of the screen's foremost favorites. In "The Dark Road," in this play Dalton plays the part of a siren, whose remarkable power over men is second only to that of the famous Cleopatra. She finds a sort of fiendish joy in toying with men and casting them aside at will, until there comes one man who proves to be her master at her own game; from this point the story is both thrilling and very dramatic, leading to a climax of much power.—Adv.

ALHAMBRA TODAY—"BABETTE."

Some El Paso men lie to their wives and do not even get away with it. In "Babette" the man not only lies, but steals for his wife and she never finds it out. This is a Vitaphone Blue Ribbon feature, and stars Peggy Hyland and Marie McDermott.

The story is simple and tells of the life of a French artist, thief and gentleman, for Babette. They are married and to save her life, he reverts to his evil trade from which her love had weaned him. But he is caught by the police, the complainant is husband of a woman whom Babette has saved from ruin, when she lost all at the gaming table, and he declines to identify the thief. Babette succeeds and is awarded the grand prize on a painting. Thus all ends well.

While Peggy Hyland is not as well known as Marie McDermott she has gained wonderful popularity the short time she has been before the screen. The story, although simple, should prove to be most acceptable in the hands of the two Vitaphone stars. At the Alhambra today only. Prices are 10c, 15c and 25c.—Adv.

"THE WIFELESS HUSBAND"—BIJOU.

Is marriage sacred? See "The Wifeless Husband" at the Bijou today. It treats of that phase of married life in which the wife pays more attention to outside interests than to her home. Coming tomorrow. The "Fox" comedy. Enough said.—Adv.

GERMAN MAN AND WOMAN ARE HELD ON CONSPIRACY CHARGE.

Mrs. Emilia Toenniges, who conducts a boarding house at 281 1/2 Chihuahua street, where a number of Germans subject and boarder at Mrs. Toenniges's house, were arrested Monday night by deputy United States marshal J. J. Kelly, on a federal complaint charging them with conspiring to overthrow the United States government. The arrest is said, resulted from information obtained by the government when a raid was made by secret service men and the provost guard on Mrs. Toenniges's boarding house last Saturday. The nature of the alleged conspiracy has not been made public.

The two Germans were arraigned before United States commissioner Samuel Kelly Tuesday and their preliminary hearing was set for 10 o'clock Wednesday morning. Commissioner Kelly fixed Beach's bond at \$15,000 and she was unable to furnish this sum. The woman's bond was set at \$5000. She furnished the required sum and was released.

EL PASO LAUNDRY ADDITION, TWO STORY, TO COST \$12,000.

The El Paso Laundry has begun work on a two-story addition to its present plant on South Santa Fe street. This addition will be 55 by 120 feet, giving the laundry a two-story block 135 by 120, besides the 58 by 120 power house and corral. The addition, which will cost \$12,000 or more, will double the capacity of the plant and enable the laundry to take care of its increased business. Crawford Harvie, the manager, says it will be one of the largest laundry plants in the state. V. E. Ware is the contractor.

In 1901 the El Paso laundry was established, and it was the first steam laundry in El Paso. It began business in a corrugated iron structure 25 by 40 feet. It grew rapidly and the present building, 58 by 120 feet, took the place of the iron structure. Up to the time of the establishment of this steam laundry about 35 Chinese laundries did El Paso's washing.

NEW BORDER NATIONAL BANK HAS 125 DEPOSITORS LISTED.

The opening of the Border National bank on the corner of El Paso, corner of Texas and Stanton streets, Monday gave El Paso its tenth financial institution three old and one new national bank and six state banks. At noon Tuesday the new bank had about 125 depositors and deposits amounting to over \$150,000.

"Our start is very encouraging," said T. M. Quebedeaux, vice president, "and indicates that there is much loose money in the city."

Everywhere the advertisement in The Herald, for of the hundreds of visitors who came in nearly all of them mentioned The Herald.—Adv.

FIRE DESTROYS HOME ON MEMPHIS STREET; UNOCCUPIED.

Fire Tuesday morning at 2 o'clock totally destroyed the bungalow home of Mrs. Forrest, at 2916 Memphis street. The house was built of the city limits, was furnished, but not occupied, and it required all the hose of companies six and seven to get a line to the fire, and by the time they were notified and got to the place the fire was beyond control. Assistant chief John T. Sullivan was in charge of the companies who answered the call.

GOVERNOR FERGUSON'S DESK NOW CLEARED OF LEGISLATURE'S BILLS.

Austin, Tex., April 10.—The governor has vetoed the house bill by Williams, of McLenahan, relating to the management and liquidation of insurance companies, which measure was designed to prevent the wrecking of Texas insurance companies.

"After carefully reading this bill, it is quite apparent to my mind that it contains entirely too much power upon the commissioner of insurance," said the governor in his veto message.

The senate bill, which would prohibit persons, firms or corporations from doing business under an assumed name, unless such name was registered with the county clerk, was also vetoed by Gov. Ferguson.

"This bill is an unreasonable restriction upon business and in my opinion, it would work untold hardship upon many small business men who have to enlist financial help of their friends in order to make a living for their families," said the governor.

Banking Act Signed.

The governor signed the bill amending the state banking laws of Texas. This measure makes a number of

changes in the laws which is designed to strengthen the present statute on this subject. He also approved the bill regulating the operation of motor vehicles on public highways. This is the bill which fixes a tax on chauffeurs and regulates the speed of motor cars on highways at 25 miles an hour.

This clears the governor's desk of bills passed by the 25th legislature.

Nuxated Iron to Make New Age of Beautiful Women and Vigorous Iron Men

Say Physicians—Quickly Puts Roses Into the Cheeks of Women and Most Astonishing Youthful Vitality Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous "Run-Down" Folks 100 Per Cent. in Two Weeks' Time.

Opinion of Dr. Schuyler C. Jacques, Visiting Surgeon of St. Elizabeth's Hospital, New York City.

NEW YORK, N. Y.—Since the remarkable discovery of Nuxated Iron or "Nuxate," as the French call it, has taken the country by storm. It is conservatively estimated that over three million people annually are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen. So much so that doctors predict that we shall soon have a new age of far more beautiful, rosy-cheeked women and vigorous iron men.

Dr. Ferdinand King, a New York Physician and Medical Author, when interviewed on this subject, said: "There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale; the flesh flabby. The muscles lack tone; the brain fades and the memory falls off; they become weak, nervous, irritable, despondent and melancholy. When iron goes from the blood of women, the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, dehydrated apples, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking have furthered the loss. By throwing away the waste pipe the water in which our vegetables are cooked, are responsible for another great iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has no enough salt."

Dr. E. Sauer, a Boston physician who has studied both in this country and in great European medical institutions, said: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run down, instead of doing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous nervous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood."

"Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking Nuxated Iron. He had filled him with renewed life. At 60 he was in good health, at 65 he was vigorous and nearly all in. Now at 70 after taking Nuxated Iron a miracle of vitality and his face beaming with the buoyancy

changes in the laws which is designed to strengthen the present statute on this subject. He also approved the bill regulating the operation of motor vehicles on public highways. This is the bill which fixes a tax on chauffeurs and regulates the speed of motor cars on highways at 25 miles an hour.

This clears the governor's desk of bills passed by the 25th legislature.
